

# TELESCOPIC SPREADER BEAM

## *BHI SERIES*

# WINKLE

### **POWERFUL SOLUTION FOR MATERIAL HANDLING**

Increase your ROI and take container handling to an all-new level with this telescopic spreader beam attachment for reach stackers.

### **VERSATILE LOAD HANDLING**

This setup is capable of efficiently handling various load sizes, making it a flexible choice for different applications.

### **LIMITATION-FREE HEIGHT**

It's particularly recommended for use in scenarios where height limitations are not a concern, ensuring seamless operations.

### **MODEL VARIETY**

With several models and capacities available, you can select the one that precisely matches your operational requirements.

**Custom Product That Can  
Be Tailored to Your Needs.**

**Designed and Manufactured  
According to the ASME B30.20  
& BTH-1 Standards.**
